

VILLAGE HALL FOCUS

THE NEWSLETTER OF NETHER HEYFORD VILLAGE HALL

FROM THE CHAIRMAN OF THE MANAGEMENT COMMITTEE....

This newsletter is to keep friends and regular users up to date with developments and changes at the village hall. There is some good progress to report this month, so please read on.....

I do hope that you will find the newsletter informative.

Alwyne Wilson

NEW STORAGE; UPDATE

The new storage unit has been assembled and placed at the left side of the hall.

We can now move forward with reorganising the main storeroom.

More on page 2.....

GARAGE SALE

The Garage Sale will take place on Sunday 19th April

The village hall will be open for refreshments and the sale of maps showing the location of participants around the village.

WEBSITE

The website www.netherheyfordvillagehall.org has information on how to register a garage for inclusion on the village map..

Check there for information on future events.

A REQUEST FOR HELP

The winter weather has not been kind to the ground around the hall. There is a lot of moss on the soft-play area at the back of the hall, and now weeds are starting to flourish in front and at the right side of the hall.

We hope to organise a couple of working parties to clear these. Please support these, otherwise we shall have pay for labour to do this work.

That will increase our running costs and ultimately lead to an increase in hourly hire rates.

IN AND AROUND THE HALL

STOREROOM BOILER

The problems with this boiler have reduced considerably with the changing of some electrical components, but we know that the gas pressure at the boiler is slightly low. The gas supply pipe will be upgraded during the second weekend of April.

STORAGE UNIT

The new unit is now in place at the left side of the hall and we can now start transferring lesser used equipment from the main storeroom.

Assembly was undertaken in two phases, as some of the fixings were missing from the main delivery. The final building is made up from 2 modular units joined together.

Assembly took considerably longer than the time stated by the company selling the units, but the next one will be much easier to assemble now everyone knows what to do!

Thanks are due to the assembly teams, Richard Musson, his son Daniel and work colleague Dan, and Jeremy Rice.

Also, a thank you to the volunteer labour extracted from the Forester Arms at short notice when the flat pack units arrived. The driver had been told that there would be a forklift to unload the panels!

Who needs a forklift?

If you come across damaged or broken equipment, fittings or furnishings in the hall, please report it on the 'Faults' form which can be found in the rack by the kitchen door or by email to [nhvhbookings@gmail.com](mailto:nvhbookings@gmail.com)

The sooner we know about the problem, the sooner we can repair or replace.

EMAIL ADDRESSES

Please check your records of committee member email addresses which are as follows:

Chairman; Alwyne - [nhvhchairman@gmail.com](mailto:nvhchairman@gmail.com)

Secretary; Judith - [nhvhsecretary@gmail.com](mailto:nvhsecretary@gmail.com)

Treasurer; Philip - nvhtreasurer@outlook.com

Bookings; Simone - [nhvhbookings@gmail.com](mailto:nvhbookings@gmail.com)
